MARK CLARK ELECTED PRESIDENT OF MSS

Mark A. Clark is the newly elected President of the Manufacturers Standardization Society (MSS). The MSS membership elected Mr. Clark, who serves on the MSS Board of Directors most recently as First Vice President, to a three-year term during its annual membership meeting on May 5, 2015.

Mr. Clark has over 35 years of experience as an engineer in the valve and fittings industry. He earned a BS degree in mechanical engineering from Tri-State University and is currently the Standards and Codes Engineer at NIBCO, Inc. in Elkhart, Indiana. During his 31 years of participation in MSS, Mr. Clark has served as Chairman of two technical committees and as a member and officer of the Board of Directors. Mr. Clark leads NIBCO’s participation in national and international standards, as well as technical support for product design, application, installation, and standards compliance. Among Mr. Clark’s industry committee memberships are the American Society of Mechanical Engineers (ASME), American Society of Testing and Materials (ASTM), Canadian Standards Association (CSA), International Association of Plumbing and Mechanical Officials (IAPMO), Plastic Pipe and Fittings Association (PPFA), Plastics Pipe Institute (PPI), and NSF International.

MSS also elected new Board officers: Fred Washburn of Rotork Controls as First Vice President, Jim Barker of DeZURIK APCO Hilton as Second Vice President, and Greg Johnson of United Valve as Treasurer.

Since its establishment in 1924, MSS has been dedicated to developing standards for global application in the valve and fittings industry in cooperation with other standardizing bodies and regulatory authorities. MSS is an ANSI-accredited developer of American National Standards.

For more information about MSS, visit the MSS web site at www.msshq.org.
