MSS PUBLISHES THREE REVISED STANDARDS

Vienna, VA – The Manufacturers Standardization Society (MSS) is pleased to announce the following three revised standards:

Updated/Revised Publications

- MSS SP-98-2015, Protective Coatings for the Interior of Valves, Hydrants, and Fittings
- MSS SP-108-2015, Resilient-Seated Cast Iron Eccentric Plug Valves
- MSS SP-111-2015, Gray-Iron and Ductile-Iron Tapping Sleeves

Listing of all MSS Standards: http://msshq.org/Store/PriceList.cfm

About MSS
The Manufacturers Standardization Society (MSS) of the Valve and Fittings Industry is a non-profit technical association organized for development and improvement of industry, national and international codes and standards for Valves, Valve Actuators, Valve Modifications, Pipe Fittings, Flanges, Pipe Hangers and Supports, and Associated Seals. Since its establishment in 1924, MSS has been dedicated to developing standards for national and global application, in cooperation with other standardizing bodies and regulatory authorities.

MSS is an American National Standards Institute (ANSI)-accredited standards developer.

For media inquiries, please contact MSS Executive Director, Robert O’Neill at (703) 281-6613 or boneill@msshq.org.
