MSS PUBLISHES FIVE REVISED STANDARDS

Vienna, VA – The Manufacturers Standardization Society (MSS) is pleased to announce the publication of the following five revised Standard Practices:

Updated/Revised Publications

- MSS SP-99-2016, Instrument Valves
- MSS SP-105-2016, Instrument Valves for Code Applications
- MSS SP-112-2016, Quality Standard for Evaluation of Cast Surface Finishes – Visual and Tactile Method
- MSS SP-124-2016, Fabricated Tapping Sleeves
- MSS SP-132-2016, Compression Packing Systems for Instrument Valves

Listing of all current MSS Standards: http://msshq.org/Store/PriceList.cfm

About MSS
The Manufacturers Standardization Society (MSS) of the Valve and Fittings Industry is a non-profit technical association organized for development and improvement of industry, national and international codes and standards for Valves, Valve Actuators, Valve Modifications, Pipe Fittings, Flanges, Pipe Hangers and Supports, and Associated Seals. Since its establishment in 1924, MSS has been dedicated to developing standards for national and global application, in cooperation with other standardizing bodies and regulatory authorities.

MSS is an American National Standards Institute (ANSI)-accredited standards developer.

For media inquiries, please contact MSS Executive Director, Robert O’Neill at (703) 281-6613 or boneill@msshq.org.
