MSS PUBLISHES AMENDMENTS TO TWO TAPPING SLEEVE STANDARDS

Vienna, VA – The Manufacture Standardization Society (MSS) is pleased to announce the publication of the following revisions to existing Standard Practices:

Updates to Existing Publications

- Amendment to MSS SP-111-2015, Gray-Iron and Ductile-Iron Tapping Sleeves
- Amendment to MSS SP-124-2016, Fabricated Tapping Sleeves

The Amendments can be downloaded (free of charge) at: http://msshq.org/Store/Amendments.cfm

Listing of all current MSS Standards: http://msshq.org/Store/PriceList.cfm

About MSS
The Manufacturers Standardization Society (MSS) of the Valve and Fittings Industry is a non-profit technical association organized for development and improvement of industry, national and international codes and standards for Valves, Valve Actuators, Valve Modifications, Pipe Fittings, Flanges, Pipe Hangers and Supports, and Associated Seals. Since its establishment in 1924, MSS has been dedicated to developing standards for national and global application, in cooperation with other standardizing bodies and regulatory authorities.

MSS is an American National Standards Institute (ANSI)-accredited standards developer.

For media inquiries, please contact MSS Executive Director, Robert O’Neill at (703) 281-6613 or boneill@msshq.org.
