MSS SCHOLARSHIP PROGRAM

John V. Ballun, President of MSS, announces the start of the MSS Scholarship Program for Engineering and Materials Science students. The MSS Scholarship Program will provide annual cash awards of one thousand dollars to one or more engineering and material science students interested in the Valves and Fittings Industry and whose parent or employer is a member company of MSS.

Interested students who meet the criteria listed on the application form posted on the MSS web site (www.mss-hq.org) are eligible to apply for the scholarship by submitting a completed application, transcript, and brief essay related to how Standards Development Organizations impact industry, both nationally and worldwide.

Applications will be reviewed by the MSS Membership Committee. The application deadline is March 31, 2012. The scholarship award(s) will be announced at the next MSS Annual Meeting, May 15, 2012.

Since its establishment in 1924, MSS has been dedicated to developing standards for global application in the Valve and Fittings Industry in cooperation with other standardizing bodies and regulatory authorities. MSS is an ANSI-accredited standards developer. For more information about MSS and the Scholarship Program, visit the MSS website at www.mss-hq.org.
