REPLACEMENT PUBLISHED FOR MSS SP-72-2010

April 18, 2012

This “Replacement Notice” applies to MSS SP-72-2010, involving Ball Valves with Flanged or Butt-Welding Ends for General Service. Effective immediately, the newly published 2010a Edition of MSS SP-72 replaces the 2010 Edition.

The 2010a Edition of MSS SP-72 updates the replaced 2010 Edition by: (1) re-including (from previous editions) Section 3.1.2 and the first sentence of Section 5.3.1; (2) additional descriptive notes were inserted in Sections 7.1.4 and 7.2.2; (3) the equation in Section 7.2.4.3 was clarified; (4) corrected the definition of “MYS” in Section 7.1.4 and “AYS°” in Section 7.1.4; (5) corrected the definition of “AYS°” and “AYS°” in Section 7.2.2; and (6) additional editorial and conforming corrections.

For those who obtained the original 2010 Edition, please contact MSS or your distributor and request the 2010a Edition at no charge. Note that a receipt for the original SP-72-2010 must accompany the request.

Future editions of SP-72 will include this corrected information as part of the revised Standard Practice.
